1. It shall be the duty of the league officers to protect its members by ascertaining that the bowling alleys where the games are scheduled have been previously certified and are annually re-surfaced according to the A. B. C. regulations, also that the pins used conform to specifications.

2. Any individual who bowls in an unsanctioned league or tournament is ineligible to participate in any events of this association. Team captains are held responsible for the eligibility of their men.

Teams allowing an unsanctioned bowler to take part in their league games forfeit all games that this bowler takes part in.

3. All games will be called promptly at the specified time agreed upon by the league. Should either team fail to be ready to proceed within fifteen minutes thereafter because of the absence of any of its members, the team present, with its full quota of players, shall proceed. If the other team refuses to play with members who are present, games will be forfeited and in the case of forfeiture the team not bowling is liable to the league to the extent of the same amount it would cast them to bowl in league play. At no time shall any team take unfair advantage of the other team which is unable to appear due to unavoidable circumstances.

4. All games must be bowled as scheduled unless the respective captains notify the secretary of the league, also the alley proprietor at least 24 hours prior to the date and hour scheduled. All postponed games must be bowled within two weeks from the original date of postponement on the same pair of alleys originally scheduled. No postponed games shall be played after the regular date set for the closing of the league season.

5. Any team withdrawing from the league before the end of the season or failing to complete its scheduled games shall forfeit its share of the prize fund, and a substitute team shall assume the standing of the team withdrawing.

6. A bowler shall not belong to more than one team in any open league, and should he desire to bowl with any other team in the same league, he shall first secure a release signed by at least two-thirds of the captains of such league and after securing such release and bowling with the second team, he shall not be permitted to bowl as a member of the team from which he secured a release during the balance of the season play. In so-called closed leagues, however, such as fraternal, industrial, and others where membership is restricted, they may by regular adopted rule or rules, permit members of any team in the league to substitute on any other team without restriction.

7. Any bowler who after agreeing to take part in a league, fails to appear thereby causing his team to lose such games, the captain may make complaint to the Madison Bowling Association and if sustained the player shall be expelled from future bowling for the current season.

8. Any captain or member of the association who collects prize money from any sanctioned league or sanctioned tournament must pay all money due any members of the Madison Bowling Association within fifteen days after distribution is made by the tournament association or league in which the prize money was won, or such individual becomes liable to suspension.

Where bowlers enter into a written or verbal agreement as to the manner in which prize money shall be distributed, and a misunderstanding may result later, such cases will be referred to the Executive Committee of the Madison Bowling Association for decision, if no satisfactory settlement can otherwise be reached amongst the parties involved. If the evidence presented to the Executive Committee indicates that some member is at fault or has failed to keep

his agreement, they have the authority to suspend this individual from organized bowling.

A bowler may secure his absolute release from a league by serving notice on his captain, and the secretary of the league, at least fifteen (15) days prior to the date of his desired release, with the understanding that he can not bowl in any other league for fifteen (15) days, and will be prepared to bowl in his original league any time during the first fifteen (15) days should he be called upon by his captain.

9. Gambling will not be tolerated by the league or individuals and the Madison Bowling Association has the power to expel without further consideration, any team or members that participate in pools or the conduction of the same, or any other gambling conditions that shall have the tendency to lower the morale of the game.

10. Secretaries of all leagues must furnish the secretary of the Madison Bowling Association with all team and individual averages within **thirty days** from the time and date of completion of their league year, or they will not be published in the following season's year book.

11. All leagues shall hold a monthly meeting of all team captains at which time the financial statement of the league be presented. Shortages of teams shall be discussed and all teams in arrears such amount in excess to the actual amount due teams, shall not be permitted to participate in further league competition unless weekly dues are paid by all members of such teams. The captains and officers of the league shall be responsible for all shortages in excess to the prize list. The league shall have the right to set a time limit as to when franchise money shall be paid.

12. Any member of the Madison Bowling Association participating on any team in leagues shall not be permitted to be more than four (4) weeks in arrears, unless the responsibility for such shortages be assumed by the captain and remaining members of such team. Any member quitting and owing his team any money shall be ineligible to compete in any league affiliated with the association at any time unless the full indebtedness has been paid by such member. This association will upon proper affidavit of the team captain signed by the officers of the league immediately suspend such members from organized bowling. Reinstatement to become effective immediately upon payment of indebtedness to league.

13. Any bowler or team entered in the city tournament of the Madison Bowling Association of the American Bowling Congress failing to appear on the alleys when scheduled to bowl shall forfeit entry, unless the secretary in charge finds that sufficient reason is given for postponing the event in question and scheduling the bowler or team elsewhere.
